

2016 Hall of Fame induction

May 10, 2016

# Sean Greene

**Sean Greene's WVUD career began even before his University of Delaware career. Sean started in the Sports Department while still a Newark High student. He would go on to be Sports Director during one of the most prolific sports eras of WVUD's history.**

**Sean was part of a dedicated sports team that did over 100 game broadcasts some years. Despite this breakneck schedule, Sean was still able to be involved in other aspects of WVUD. Whether it was recording PSAs, attending conferences or meetings, or mentoring new talent, Sean always had time for WVUD.**

# Sean Greene

**Sean's post WVUD career has included news coverage, traffic reporting, and of course his first love, sports.**

**Now the Sports Director at WDEL, his play by play calls for Wesley football are legendary, and he is known as one of the nicest guys in local media, and one of the most talented as well.**

# Michele Marcks (Ingari)

To say that Michele Ingari (now Michele Marcks) was extremely prolific in her four year tenure at WVUD would be a gross understatement. Michele played a key role in many of the station's great accomplishments between 2007-2011. Serving first as PR/Promotions Director before eventually becoming a two year General Manager, Michele was a consistently productive member of WVUD's Operations Board.

Michele was a relationship builder that was able to entice other organizations to partner and promote with WVUD. This manifested itself in programs like 'Blue Hen Hotseat' and 'What the Cluck'.

# Michele Marcks (Ingari)

**She was also a driving force behind WVUD's power increase, the Dare to Be Loud CD series, and the nascent stages of The Basement radio's development.**

**Michele's hard work resulted in a well-deserved YoUDee Award for best organizational leader, as well as a WVUD award for student of the year. Tireless, devoted, and always a positive force, Michele is a shining example of what a student can accomplish at WVUD and we are extremely happy to welcome her to our Hall of Fame.**

# *Ron Whitehead*

**Ron Whitehead was the student Program Director in the early years of UD's transition to FM radio (ultimately becoming WXDR and moving from 10 watts to 1000 watts of power). Ron was instrumental in the development of our 'block format' and the diverse genres that it contains. He also was a driving force behind many of the live remote broadcasts that the station conducted.**

**Ron was also a prime mover in the addition of numerous community volunteers. These volunteers added a degree of stability to the vibrant mix of students and provided UD radio with a level of musical expertise unsurpassed by other stations. The fact that many of these station members are still with WVUD decades later is testament to the power of his influence.**

# *Ron Whitehead*

**Ron was a pioneer for UD radio in a time before the station had full time professional staff, and his contributions have helped WVUD to get to where they are. We are happy to recognize Ron's efforts by inducting him into our Hall of Fame.**

## 2016 Hall of Fame inductees

- Sean Greene
- Michele Marcks (Ingari)
- Ron Whitehead
