LEARN HOW YOUR BRAIN CONTROLS THE WAY YOU MOVE

BRAIN IMAGING STUDY

What are we studying?
The Motor Neuroscience and Neuroimaging Laboratory at the University of Delaware is seeking participants for a research study that investigates how the brain controls movements in young adults.

What does the study involve?
One visit (~ 3 hours) to the University of Delaware that will include: brain imaging, motor and cognitive testing.

YOU MAY BE ELIGIBLE IF:

You are a healthy young adult

Age: 18 - 35

Male or female

You are NOT claustrophobic

3 Hours
($75 Gift Card)
