Airports

There are two airports within driving distance of campus. Philadelphia International Airport is the closest, about a 45min drive. Baltimore-Washington International Airport is about 60 minutes.

Ground transportation

We recommend [Delaware Express](#) for ground transportation to and from the airport or the Wilmington Train Station. You can book online or call their toll free number 1-800-648-5466. Please alert Del Express that you are a UD guest in the chemical engineering department so you can receive our discounted rate.

Hotels

On the south side of campus: [Embassy Suites](#) (located across from the University of Delaware stadium). [Homewood Suites](#) (next door to Embassy). On the north side of campus: [Courtyard Newark-UD](#). The hotels have FREE parking. Main campus is just down the street. If you plan to visit our campus, please review our online [Campus Map](#). Off street parking and parking garages are available throughout main campus.

Google Driving Directions/Map

[Colburn Lab](#) is located at 150 Academy Street, Newark, DE 19716. The Perkins Student Parking Garage at 413 Academy Street is the closest garage to Colburn Lab. It has a pay-to-park kiosk, so you will need to enter your license plate (letters and numbers) when you exit your vehicle. Please click [here](#) for Google Map driving directions to the University of Delaware.

Campus Map

Main campus is just down the street from the hotels. Please review our online [Campus Map](#). Off street parking and parking garages are available throughout main campus.

Registration

Register for the workshop at: <https://udapps.nss.udel.edu/casforms/bitc/biophys-workshop/>

Bursaries are available to offset the cost of registration for graduate students. Please email cjr@udel.edu for enquiries about student bursaries.

Presentation and Internet Connection

Guest wireless internet connection can be provided at the University of Delaware. You can also access the internet if you have an account with [Eduroam](#).
