ATI IN-SERVICE PROGRAM

In-Service Schedule

Human Performance Lab 210  
(Back of Fred Rust Ice Arena)  
Tuesdays: 4:00-5:00 pm  
Wednesday: 4:00-5:00 pm

*Schedule found on Sakai page & provided today

From the Seniors: About In-Services

Going to in-service is so much more beneficial than trying to teach yourself the information, because it's harder than you'd think! Taking the time out once a week for simply an hour makes a tremendous difference. There's a lot of work to stay on top of, and in-service is a great opportunity to learn, complete work, and keep from becoming overwhelmed!
From the Seniors: About In-Services

"In-Service is your time to shine. It's all about learning in a hands-on way and you get to do it with your fellow ATIs. Also, you will feel really smart after!"

Tyler Tice

In-service is an excellent way to get ahead of the game and improve your knowledge. Not only is it great for an extra clinical hour each week (which does add up at the end of the year), but it can really help boost your confidence and teach you more about what you do in the AT room everyday. It's a great way for you to learn and ask questions in a more relaxed environment!

Jacob Stoner

I found it very helpful because it broke down all the fundamentals of athletic training and really helped you to become more confident on things that seemed at times overwhelming. It's a fun time with your closest friends and you learn a wealth of new knowledge.

Taylor Hatfield

BLOODBORNE PATHOGEN TRAINING

• All ATI Students are required to complete online training
• Must be complete prior to beginning clinical rotation
• Forward completion e-mail to bwisthof@udel.edu
  (make sure certificate in PDF form is attached)
• An e-mail will be sent to you to begin this process
  – https://assistant.ehs.udel.edu/ehstrm/ehstrainwebisapi.dll/EXEC
• Reminder, you must be on the Udel internet server to complete the training. The link given will not work, otherwise.

Summary: To Do List

- Check your clinical assignment on Sakai
- Contact your preceptor to set up a clinical schedule
- Print out hour logs & checklists (clinical comp & palpations)
- Complete online BBP training
- Forward BBP training e-mail/certificate to bwisthof@udel.edu
