Note: University Studies is not included in these counts. In Fall 2019, 1,223 undergraduate students (6.7%) declared UST. The major counts reflect the actual number of students with that declared major. Students who declare more than one major are counted accordingly. Majors that offer both a BA and BS degree option (e.g. Biological Sciences BA and Biological Sciences BS) are shown with an aggregated count inclusive of both options.

Because Student Enrollment Data Mart contains live data that is always one day old, the major counts reflect the actual enrollment data one day before the report run date on October 14, 2019.
