Low Back Pain and Limb Loss Study

What is it?
A study evaluating associations between low back pain and function among adults with lower-limb loss. If eligible, you would be asked to complete a questionnaire packet related to your personal characteristics, low back pain (if present), and function.

You may be eligible if...

- You have a transtibial (i.e., below-knee) amputation or transfemoral (i.e., above-knee) amputation ...
  - Are ≥18 years-old.
  - Use your prosthesis for at least 4 hours per day.
  - Do not have any amputation of the opposite leg (other than toe amputations).

Time Commitment: 35 minutes

- Questionnaire Packet (can be completed at home via your computer or we can send a packet in the mail)

Potential Compensation:

- $15 gift card

Onsite Data Collection Locations (dates to be determined):

1. Delaware Limb Loss Studies Lab, 540 S. College Avenue, Newark, DE 19713
2. Amputee Coalition National Conference
3. Independence Prosthetics-Orthotics, Inc., Newark and Dover, DE; Philadelphia, PA

NOTE: This survey study can be completed online & no onsite visit is necessary!
Please call (302) 831-7142 during business hours (Monday – Friday, 8 am to 5 pm) to be screened for participation or use the QR code to go directly to the study site.
