

Create a Peer Review Area for VoiceThread's

Follow the steps below to create a central page in your myCourses site where students can post and view each other's VoiceThread presentations.

Step 1:

In a content area, hover your cursor over the "Tools" menu and choose "UMD VoiceThread."

Step 2:

Name your link something like "VoiceThread Area" to indicate why students are going to visit this page, and then provide some instructions for the assignment in the "Description" box below.

INFORMATION

* Name →

Color of Name Black

Description

For the toolbar, press ALT+F10 (PC) or ALT+FN+F10 (Mac).

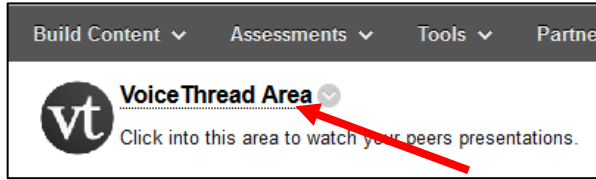

Click into this area to watch your peers presentations.

→

Path: p Words: 10

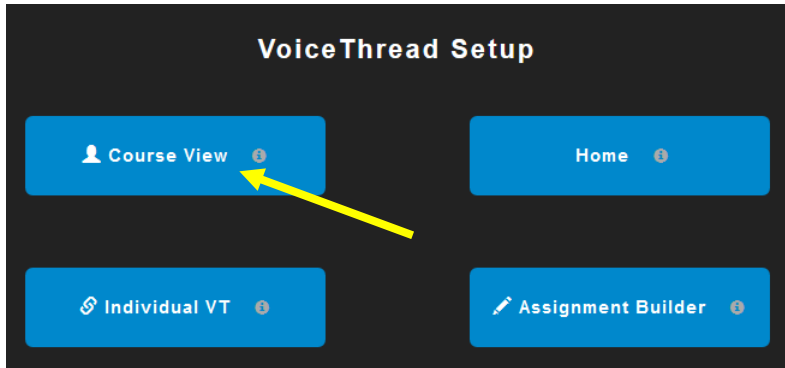

Step 3:

Click on your newly created VoiceThread link.

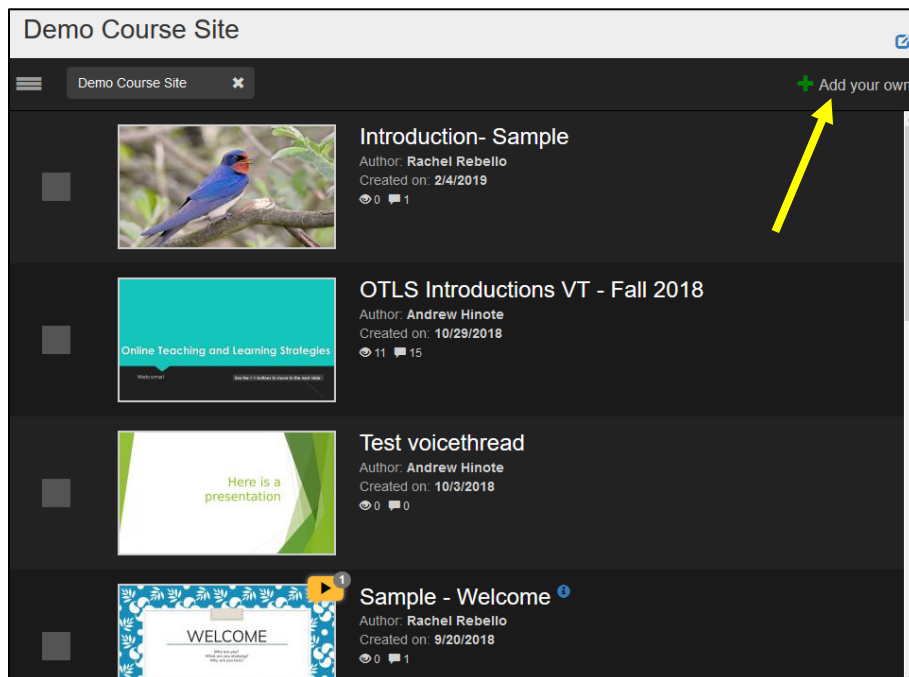

Step 4:

Click the "Course View" button.

Step 6:

Your link is now complete! You will land on a page that lists every VoiceThread associated with your course. If you or the students have not yet created a VoiceThread, the page will be blank. Once a VoiceThread is created, the page will look like this:

Students can use the "+ Add your own" button in the top-right corner of this page to add a VoiceThread.
