

How to edit captions in Kaltura Mediaspace

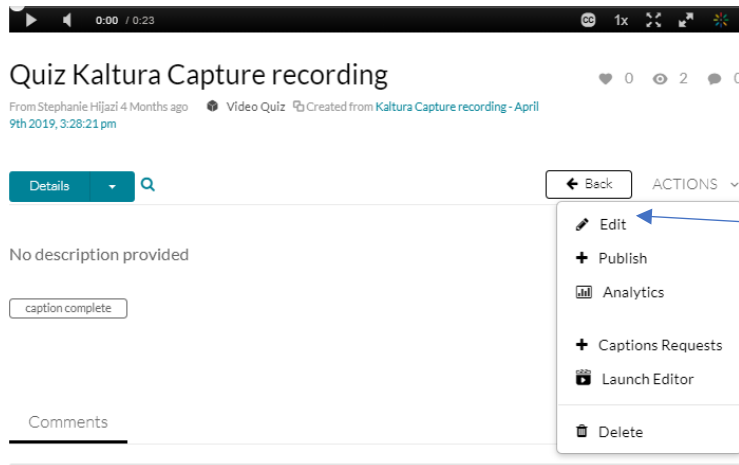

Step 1: In Mediaspace, Login and click on My Media

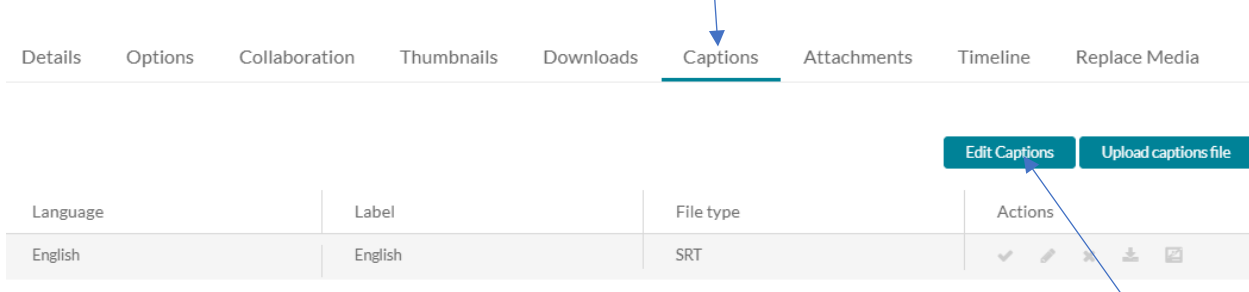

Step 2: Click the media for which you wish to edit captions.

Step 3: Click the Actions drop-down menu and select “Edit.”

Step 4: Click on “Captions”, then click on “Edit Captions”

Step 6: The caption editor will open.

Edit the desired caption in the text field on the left of the page.

Clicking on the text will bring you to the exact point in the video on the right and vice-versa.

To edit the timestamp of each line, click the desired timestamp to modify the time.

The editor will highlight any overlapping time.

To search, enter your text in the "Search in captions" box.

Click Save to save your edits.
