

Saving Webpages as a PDF File

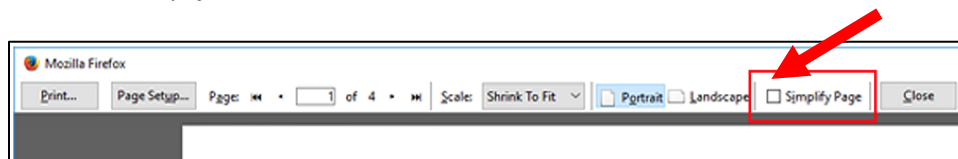

Step 1:

Using [Mozilla Firefox](#), open the webpage you would like to print, click the ☰ menu button in the upper-right corner of the window and select Print...

Step 2:

In the *Print Preview* screen, check the **Simplify Page** box along the top of the page. (If a website is not able to be simplified, this box cannot be checked.)

Step 3:

Click the "Print..." button in the upper-left corner of the page and choose Adobe PDF, Microsoft Print to PDF, or some other PDF printer from the printer selection area. Click the "Print" button to convert the page to a PDF file and save it to your computer.
