

Adding a Profile Picture in Zoom

Step 1: Visit <https://umassd.zoom.us/signin>

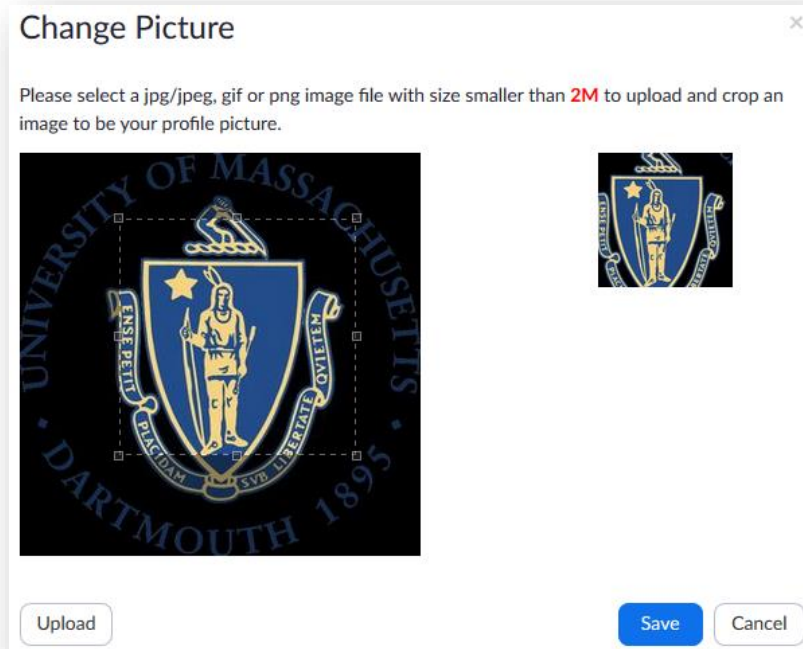

Step 2: Click Change link beneath the default profile icon.

Step 3: Click Upload to then browse your device for an image file that you'd like to use.

Step 4: Once you select and open your image file, resize and crop your image. Choose a photo of yourself to help humanize the online experience, or a professional symbol that represents your affiliation. Click Save to secure your changes.

Step 5: Your Zoom profile picture will now appear during sessions when you have your camera turned off.
