On-Campus Blackboard
Blackboard Collaborate Ultra: Default Attendee Role

The default attendee role in Blackboard Collaborate Ultra is Participant. To change the default settings for all users to join the room as a moderator or presenter, click on the menu item to open the tool > click on the three dots to open “Course room options”

Select Edit Settings to open the session’s setting options.
Students by default are participants. You can change the Guest Role and/or the Default Attendee Role. Select from the drop down list Moderator to be able to change settings or Presenter to allow your participants to be able to or present.
