On-Campus Blackboard
Tests: Edit Questions

To Edit the questions, instructions, or title for a test, hover over the title and select the arrow that appears to the right > select Edit the Test to open the Test Canvas.

In this view you can edit the questions by hovering over the title of the question, select the arrow that appears to the right and select Edit.

You can change the point values to the right of each question individually or by selecting All or checking the box to the left of each question and putting the value in the Points box and select Update.
