Date

LOAN PROCEDURES FOR NEW STUDENTS

- To complete the Federal Direct Student Loan process, all new students at Ursuline must complete a new MPN at www.studentloans.gov - no loan funds can be requested or disbursed for you until this MPN is completed. Please note that you will need your FSA ID to e-sign this MPN.
- New students to Ursuline or returning students who are first-time loan borrowers must also complete Loan Entrance Counseling in addition to the MPN before funds can be disbursed. The Entrance Counseling should be completed on-line at www.studentloans.gov as well – we will receive electronic confirmation when this is complete.

Remember that you must apply for loans each year. For those that may be interested in additional student loan funds, Parent PLUS Loans, Alternative Loans, or payment plans, please refer to the *Award Notification Guide* brochure enclosed in this packet or the information included on the Ursuline College Financial Aid website.

Please make sure that you complete and submit this form within 30 days, including all requested documentation to complete your file and secure your funds!
