

NWP Course Project: Peer Evaluations

* Required

1. What is your name? *

This question is only so that you may receive credit for completing this portion of the assignment. No identifying information will be conveyed to other students.

2. For which student's presentation are you providing this evaluation? *

3. What was the key question or hypothesis addressed by their project? *

4. What element or elements of the presentation were done well? *

5. What element(s) of the presentation did you not understand as well as you would have liked? *

Questions posed to the presenter or Prof. Evans are welcome but not necessary.

6. (Optional) Please provide any additional feedback on this student's presentation.

Please be constructive with feedback (e.g., suggestions for improvement on the presentation or the analysis) you share.
