CHANGE OF RESIDENCE STATUS FOR FULL-TIME UNDERGRADUATE DAY STUDENTS

If an undergraduate student meets the criteria for a change of residency status and chooses to live off campus for the academic year, the student must submit the appropriate documents to the Office of Residence Life. A list of these documents can be found in the Student Handbook or by contacting the Office of Residence Life. Information on changing to Commuter or Off-Campus Status can be found below or in the Student Handbook.

ASSUMPTION OF ON-CAMPUS STATUS

If an undergraduate day student does not have approved commuter or off-campus residence status, it will be assumed that the student is living on campus and will be assigned campus housing and will receive a bill.

COMMUTER STATUS

To qualify for commuter status, an undergraduate day student must live at home with parent(s) or legal guardian(s) and within 25 miles from the university or from his/her co-op, internship, or student teaching location. If a student wishes to change from resident to commuter status, they must complete the appropriate form found in the Office of Residence Life.

OFF-CAMPUS STATUS

All full-time undergraduate day students who are either married, are the custodial parents of a child, veterans with at least two years of active military service, or 24 years of age or older may reside off campus (no married student housing is available on campus). Undergraduate day students falling into this category must complete the appropriate form available in the Office of Residence Life. Students with senior-class standing may live on campus or reside off campus. Students with senior status who wish to live off campus, but do not plan to commute from their permanent address are considered off campus students. They must complete the appropriate form, which requires a parent/guardian notification. This form must be submitted to the Office of Residence Life no later than the last day of the room selection process. Once a student has been approved for off-campus status and has secured a lease or rental agreement, the student must submit a copy of that lease or agreement, signed by the designated time. If this is not done, the student's off-campus status will be cancelled and the student will be assigned to campus housing and will receive a bill. Please note that all undergraduate day students who wish to be considered for off-campus status (seniors and other approved students) must attend an orientation session.

Students and parents are advised not to sign a lease or rental agreement for off-campus housing until the off-campus registration process is completed. Students should be aware that a change in residence status might affect their financial aid.
