

WIDENER CAREER DESIGN AND DEVELOPMENT

Informational Interview Reflection Assignment

Please write a one-page reflection about your informational interview(s) guided by the questions below. *You do not need to answer the questions individually or in any order – just use them as a guideline.*

If you completed more than one informational interview, please write about all your informational interviews in your reflection. You *do not* need to write a separate reflection paper for each experience.

Your reflection will allow you to make connections between the informational interview and your career exploration goals and help us to assess the program.

Please submit to Career Design and Development at careers@widener.edu by Friday, January 22, 2021.

- Overall, did your learning from the informational interview meet your goals for the experience?
- Have your career choices expanded or changed as a result, and if so, in what ways?
- What were the most and least interesting parts of your informational interview? What surprised you about the work environment or the responsibilities of the person you informational interviewed?
- What next steps might you take while to continue your career exploration? Do you plan to remain in contact with your informational interview host?
- Is there anything about the program that Career Design and Development might improve for next year?
- Would you recommend *Widener Works* to another student? Why or why not?
