CURRICULUM

Schematics of current and proposed curriculum tracks
**Sample Four-Year Plan**

**Year 1**
- **July**: Practice Initiation
- **August**: CV-Internal Med #1
- **September**: GI-Surgery #1
- **October**: Pulmonary-Peds #1
- **November**: Renal/Endo-IM #1
- **December**: Neurology #1
- **January**: Psychiatry #1
- **April**: Immuno/ID-IM #1

**Year 2**
- **July**: Pulm-Peds #2
- **August**: Renal/Endo-IM #2
- **September**: Repro-OB/GYN #1
- **October**: GI-Surgery #2
- **November**: CV-Internal Med #3
- **December**: Gen & Mo - Peds #1
- **January**: Neuro #2
- **April**: Pulm-Peds #3

**Year 3**
- **July**: Immuno/ID-IM #2
- **August**: CV-Internal Med #3
- **September**: Step Preparation
- **October**: Gen & Mo - Peds #2
- **November**: Health Sys. Elective
- **December**: GI-Surgery #3
- **January**: Inquiry
- **April**: Inquiry
- **May**: Inquiry
- **June**: IM Sub-I

**Year 4**
- **July**: IM Sub-I
- **August**: Psych #2
- **September**: Renal Elective
- **October**: Repro-OB/GYN #2
- **November**: ICU Elective
- **December**: Soc. Sci. Elec.
- **January**: ID Elective
- **February**: Advocacy Elective
- **March**: Cardiology Elective
- **April**: Capstone

**Key**
- **Practice Initiation**: Intro
- **Practice Creation Preparation Phase**:
- **Practice Creation Clinical Immersion Phase**:
- **Practice Creation Consolidation Phase**:
- **Step Prep**:
- **Practice Personalization**:
- **Inquiry**:
- **Healthcare Systems**
- **Social Sciences**
- **Community Advocacy**
- **Inquiry Health Sys.**
- **Elective Inquiry IM**
- **Sub-I**
- **Advocacy**
- **Cardiology**
- **Capstone**

**Step Prep**
- Provides students with the content necessary to begin clinical immersion in each module.
- Allows students to continue their learning through clinical application by joining patient care teams.
- Provides the opportunity to revisit concepts of the module, answer questions that arose during the clinical immersion, and ensure knowledge gaps are filled.
Sample Four-Year Plan

Year 1
- Orientation
- Cardiovascular, Pulmonary, & Renal
- ID, Immunology, & Genetics
- Endocrinology, DNS, & Musculoskeletal
- Internal Medicine
- Surgery

Year 2
- OB/GYN
- Pediatrics
- Neurology
- Psychiatry
- Ministretch
- Int. Med. ACR

Year 3
- Int. Med. ACR
- Step 1 Preparation
- OB/GYN ACR
- Ped.
- ACR
- Surgical ACR
- Elective ACR
- Subinternship

Year 4
- Elective
- Elective
- Interviews
- Elective
- Elective
- Capstone

ACR, Advanced Clinical Rotation
