

Global Health Center

INSTITUTE FOR PUBLIC HEALTH AT WASHINGTON UNIVERSITY

Job Opportunity Global Health Center Student Assistant Position

Description

A qualified individual is needed for a student assistant position with the Global Health Center (GHC). GHC is a university-wide center at the Institute for Public Health that aims to improve global health through transdisciplinary programs and partnerships across Washington University in St. Louis and around the world.

The research assistant will primarily be involved with developing a tracking database for the Institute for Public Health Summer Research Program - Public and Global Health Track alumni as well as updating and automating the global health faculty projects online Tableau map and database.

Major responsibilities will include:

- Developing a tracking database (30%)
- Updating the global health projects database (30%)
- Updating and automating the Tableau global health project map (30%)
- Other Center duties as assigned (10%)

Minimum Requirements:

- In-progress master's degree in public health or social work
- Strong interpersonal, oral, and written skills
- Proficient computer skills, experience with Microsoft Office required
- Experience with developing databases
- Ability to work independently or as part of a team

Preferred requirements:

- Experience in global health
- Experience with Tableau

**Part time student position
(20 hrs/week)**
