GIVE: publichealth.wustl.edu/giving

CONNECTOR
We improve, amplify and support public health efforts in St. Louis and around the world.

CONVENER
We bring together diverse disciplines to share knowledge, form partnerships, and turn ideas into action.

CATALYST
We inspire innovative solutions to today’s most pressing public health challenges through targeted events, seed funding, and other opportunities.

100+
COMMUNITY PARTNERS

INSTITUTE FACULTY SCHOLARS engaged in public health research, teaching and practice from seven WashU schools and 50+ disciplines

90+
PUBLIC EVENTS A YEAR including our annual conference
Centers

**Center for Human Rights, Gender & Migration**
Our Center for Human Rights, Gender & Migration bridges research, policy and practice to improve evidence-based response to human rights abuses.

**Global Health Center**
Our Global Health Center aims to improve global health through transdisciplinary programs and partnerships across Washington University in St. Louis and around the world.

**Center for Community Health Partnership & Research**
By fostering community-academic partnerships, communication and research in the region, our Center for Community Health Partnership & Research works to reduce disparities and improve health and wellness.

**Center for Dissemination & Implementation**
Our Center for Dissemination & Implementation advances the growing body of D&I research methods by building training opportunities and catalyzing newly applied D&I research across health specialties.

**Harvey A. Friedman Center for Aging**
The Harvey A. Friedman Center for Aging works to advance a global society where people of all ages have maximum opportunity for health, security and engagement.

**Public Health Data & Training Center**
Our Public Health Data & Training Center works across disciplines and with community partners to promote actionable and effective uses of data to advance population health.

**Institute for Health Economics & Policy**
Our Center for Health Economics & Policy advances evidence-based research to improve health and works with policy makers and public health leaders to drive more equitable health policy.

Initiatives & Programs

**Gun Violence Initiative**
Our Gun Violence Initiative addresses the burgeoning public health issue of death and injury as a result of gun violence.

**Life Outside of Violence (LOV)**
LOV, the St. Louis area Hospital-Based Violence Intervention Program, connects those harmed by stabbing, gunshot or assault to the treatment, support and resources they need to find alternatives to end the cycle of violence.

**Summer Research Program**
Our Summer Research Program is a competitive opportunity, students from across the country work closely with WashU faculty mentors on public health, global health and aging research projects.
