

Opportunities in Cancer Prevention and Control Research

Postdoctoral Fellow Position(s) Available

Request for Applications

The Division of Public Health Sciences in the Washington University School of Medicine and Siteman Cancer Center, a National Cancer Institute-designated Comprehensive Cancer Center, are seeking applications for **Postdoctoral Fellowships**. Applications in the following areas will be prioritized: cancer disparities, implementation science, shared decision making, community-based cancer prevention and control.

Current openings include those focusing on:

- Shared decision making
- Implementation science
- Cancer disparities

However, **all applications will be considered.**

Applications are considered on a rolling basis.

Eligibility: PhD, DrPH, MD, or other doctoral degree in a public health related discipline, or a doctoral degree in another discipline with an interest in transitioning to public health research.

A strong mentoring and career development program is in place in the Division of Public Health Sciences with a track record of successfully placing trainees. The Division of Public Health Sciences conducts world-leading research, education and outreach to prevent cancer and other diseases, promote population health, and improve quality and access to health care in Missouri and beyond.

The division is led by Graham Colditz, MD, DrPH, An internationally recognized leader in cancer prevention. Our vibrant group of multidisciplinary faculty conducts research on a wide range of health issues, and there are opportunities to collaborate with clinical, basic science, statistical, and other faculty across the academic campuses of Washington University. Siteman Cancer Center is a NCI-designated comprehensive cancer center with a strong Prevention and Control program.

Washington University offers excellent benefits and competitive salaries. Support for tuition, books, software and conference travel is available.

Benefits

- Diverse faculty and transdisciplinary environment
- Trainees linked with a mentoring team
- Support for further training and professional development
- Competitive salary and benefits
