Message from Gwendolyn Packnett, President of WSWU

A January break in the winter weather was a nice surprise for the 150 members and guests attending the Chancellor's Lecture in Emerson Auditorium. They were fascinated to hear Chancellor Wrighton's latest plans for the university campus followed by Dr. Erik Herzog's interesting research on body clocks and circadian rhythms. All lingered over a delicious luncheon with the Chancellor; his wife, Risa; and Erik Herzog in the beautiful Frick Forum of Knight Hall.
