WUachieve Quick Reference Guide for Students
Provided by the Office of the University Registrar
Last Updated 11/14/2018

WUachieve is a web-based degree audit system. Support is available within each participating school and within each A&S department. Use your WUSTL Key to log into WUachieve at wuachieve.wustl.edu. You can also follow the link at WebSTAC under the Academics menu option.

Once logged into WUachieve, the Audits menu option will allow you to Request a New audit or Manage existing audits. Because WUachieve uses real-time data, it is important to run a fresh audit every time you log in. On the Manage page all audits are date/time stamped.

You can also access Help features by clicking on the Gear icon to the right.

**Top 5 things you need to know about WUachieve:**

1. WUachieve is a tool for estimating your progress towards a degree. Your school will make the final determination regarding program completion.
2. When you log in, WUachieve will display your most recently run audit. Information may have changed. **Always run a fresh audit.**
3. WUachieve assumes that any In Progress (IP) course will be completed with a satisfactory grade.
4. WUachieve uses real-time data. If you drop/add a course, this change should appear immediately after you run a fresh audit.
5. It is important to discuss your degree audit with your advisor(s) on a regular basis.

**Additional Questions/Concerns:**

**University College Students**
Contact your academic advisor or email ucollege@wustl.edu

**Engineering Students**
Report any issues to engineering-wuachieve@wustl.edu

**Brown School Students**
Contact the Brown School Registrar’s office via email at registraroffice@brownschool.wustl.edu

**Undergraduate A&S Students**
Contact the appropriate department/program

**Law Students**
Contact Sarah Hellin at sarah.hellin@wustl.edu

**Sam Fox Students**
Contact Cris Baldwin via email at crisbaldwin@wustl.edu
