GRADUATE BUSINESS PROGRAMS

Due to various deadline constraints, the course information may not be complete in this Course Listings Book. However, complete up-to-date course information is maintained here: Course Listing. Olin Business School reserves the right to remove students from courses, cancel or modify any course(s) listed.

ACADEMIC CALENDAR

Refer to the University calendar at the front of this book for dates and deadlines applicable to this semester. There are specific add/drop dates for graduate business courses. To add/drop any course, this online process should be completed prior to the second-class meeting. A drop will show as a deletion on your student record and not a withdrawal. Students who maintain enrollment beyond the deadline, have accepted responsibility for completion of the course and financially. You may also access the graduate business specific calendar dates on the Campus Groups. Deadlines vary by school. Students should refer to specific school calendars (Law, University College, etc) for drop/add/grade option deadlines.
