Thank you for participating in the Washington University PULSE Survey. The survey is made up of several short sections followed open-ended questions to voice your opinions. The first section asks you to evaluate Washington University. The core of the survey then asks about various aspects of your experiences here: your engagement as a student, your interactions with faculty, how much you think you've learned, and what you've done outside of the classroom, including work and extracurricular activities. Your answers are very important to us — they will inform our efforts to improve in the years to come.

The survey is completely voluntary. You may answer as few or as many questions as you wish. Remember your responses will be completely confidential, so please be candid. Survey results will not be reported in any form that would identify an individual. Your participation is very important and greatly appreciated!
