Thank you for participating in the Washington University Parent Survey.

This survey is being sent to parents of enrolled students by a select group of colleges and universities. The results will help us serve both parents and students better. All individual responses will be confidential—only averages and other summary statistics will be reported. We hope you will complete the survey. A high response rate dramatically improves the usefulness of the results.

Either parent may fill out the questionnaire or both parents may complete the survey together. If you have more than one child attending Washington University, please answer in reference to the older son or daughter who is enrolled as an undergraduate here this year.

As you will see, the survey asks for your general impressions of Washington University and about your experiences as a parent of a college student, especially how you and your family are paying for college. There is space for comments at the end. The whole survey should take less than 15 minutes to complete Submit each page by hitting the “Save & Continue” button, this saves your answers from that page. You may complete part of the survey and return at a later date to finish it. When you return to the survey your previous answers will be displayed for you to review and edit if you wish.

Remember your responses will be completely confidential, so please be candid. Your participation is very important and greatly appreciated. If you have any questions or encounter any problems while taking the survey, please contact institutionalresearch@wustl.edu.

Paying for College

We want to understand how families are paying for college. Your answers are completely confidential: the data will be used for research purposes only. Your financial aid will not be affected in any way.

1. Did your child receive a grant to help pay expenses for the current academic year from any source? Grants include any aid you need not repay and may be based on need or merit or both. Consider grants awarded by this institution or by any outside source.

   Yes  No

1a. Please use the scale below to describe the amount of grant aid your child received for the current academic year. [POPS UP ONLY FOR THOSE WHO GOT GRANTS]

   $1 - $4,999
   $5,000 - $9,999
   $10,000 - $19,999
   $20,000 - $29,999
   $30,000 - $39,999
   $40,000 - $49,999
   $50,000 or more

2. Please use the following list to describe how your family is meeting your college expenses this year. Consider all of your college costs for this child after subtracting any grants you may have reported above. Please mark one answer in each row, marking "Did not use" where appropriate. We know this is a hard question. Just make your best guess.
