

A pitch competition & symposium to empower academic women entrepreneurs

Equalize 2020 is a pitch competition and symposium designed to take national action around the disparity of women academic inventors forming university startups.

This event will provide a platform to select, coach, and promote women inventors with startup technology. We will help women inventors engage investors and corporate partners, and build networks to drive women-founded university startups.

June 24-25, 2020

**St. Louis, Missouri
Cortex Innovation District**

We're looking for:

- ▶ **Women to Pitch**
Applications are open for women with academic appointments and technologies that are 4 years from the clinic or marketplace.
- ▶ **Mentors**
- ▶ **Sponsors & Partners**
