Get support for your precious delivery

Whether you’re thinking about having a baby or have one on the way, maternity support is here to provide information and resources—from planning for a pregnancy to postpartum.

Offering care throughout your journey

Maternity support is designed for all mothers, no matter what the pregnancy journey looks like.

Start by taking a maternity support assessment, which only takes minutes to complete. Based on your responses, a maternity nurse may reach out to you and connect you with the care you need, answer your questions and support you every step of the way. A maternity nurse is trained to:

- Share information designed to help you care for your and your baby’s health
- Help you choose a doctor or nurse midwife
- Support your physical, mental and emotional health—before and after birth
- Help you find a pediatrician or other specialist

You’ll also get 24/7 access to 7 online maternity courses:

1. Preconception: Preparing for a healthy pregnancy
2. Pregnancy in the first trimester
3. Pregnancy in the second trimester
4. Pregnancy in the third trimester
5. The fourth trimester after pregnancy: Postpartum
6. Pregnancy nutrition and exercise
7. Exploring breastfeeding
