We dove deep into the ocean last week and this week. We created a beautiful ocean mural with jellyfish, crabs, starfish, octopus, seahorses, and shells. Ocean creatures come in all shapes and sizes. The Teddy Bears loved the sensory experience of playing with ocean animals in bubbly water. Creating ocean animals improves our fine motor skills. We read many ocean stories and sang songs, like "Baby Shark!"

The Teddy Bears were excellent listeners as they learned about animal homes from Miss Becky’s "Nature on the Move" video. Check it out: https://www.youtube.com/watch?v=pxb1aERdrRk
More ocean fun...

Coming up...

3/22-26/21 - Spring Break
When we return from break we will be learning about transportation!

Love, Chona & Katie
