The Elements of Art and our Focus are:

- **Line**
- **Shape**
- **Form**
- **Value**
- **Space**
- **Color**
- **Texture**

Each of the classes will have the opportunity to engage in Art Enrichment one time per month. We will introduce an Element of Art each month and build understanding through conversations and experiences in the Art Studio that may be displayed and later sent home with a description of your child’s introduction to that Element of Art.

I have had the privilege and honor of teaching Art Enrichment at WUNS since 2002. It is a great joy to share my knowledge and passion for the Visual Arts with the children! Each and every year I am reminded and continually astounded at the beauty, simplicity and sincerity of each young Artist’s understandings and renderings of Art from their personal perspective. Thank you for sharing your Preschooler’s Art experience with me!
