5 Senses

~We use our eyes to see.
~We use our ears to hear.
~We use our nose to smell.
~We use mouth to taste.
~We use our hands to touch.

This week we learned about our five senses. In the art area, we created texture and sculpture collages. A variety of spices provided some pleasant and not so pleasant smells! We also drew self-portraits using mirrors and our eyes. Next we drew ourselves with our eyes closed. That experience really made us giggle!
Miss Becky taught the Sun Bears all about turkeys. Did you know boy turkeys are called toms and girl turkeys are called hens. Turkey feet are like a rake to dig for food. The children used a real turkey foot to dig through leaves. The children also touched real turkey feathers. Wild turkeys are smarter than domestic turkeys since they have to take care of themselves.

Friday, November 19 ~ Special Friend Day!

Love, Colleen & Katie
