TAKING FLIGHT

We are sending home a parachute with your child. The parachute symbolizes your child taking off and flying higher to reach their goals this year in our Panda Bear classroom. Our goals are to open doors for each child to feel safe, take risks, ask questions, make mistakes, share their feelings with their friends and teachers, find JOY in playing, trust others and grow into independent human beings.

We have enjoyed and appreciated our time spent together this year. Thank you to our wonderful families for your participation and involvement in our special events. Our goal of working together with families to understand your personal concerns and goals for your child have helped us develop our program to meet your needs.

Many of our Panda Bears will be moving into the BIG BEAR/SUN BEAR classrooms next year. We are delighted that we have the opportunity to continue to see them as they grow. Some of our friends are moving away or changing schools. Of course, we will miss them. We encourage those families that are not returning to our program to stay in touch with us. We are always thrilled to see our old friends!
Again, THANK YOU FOR A WONDERFUL YEAR!! We wish you a fun and exciting summer!

With Much LOVE,
Marsha and Heather
