Related Experiences and Accomplishments

Curriculum, Training and Evaluation

Led district to six years of “recognized” rating by the Texas Education Agency. The district was one of the few districts in the State of Texas with more than 25,000 students in enrollment to achieve this recognition.

Developed and led districts in strategic planning, goal setting with board of trustees and staff.

Initiated School/Industry Partnership Program.

Taught in and managed schools using open concept facilities and team-teaching.

Planned and developed district in-service programs.

Reorganized teacher and administrator evaluation system.

Trained administrative staff in teacher evaluation and mastery learning techniques as developed by Dr. Madeline Hunter.

Directed and assisted staff in the development of continuums and curriculum guides.

Developed and implemented a district learning strategies/study skills training program for high school students.

Conducted workshops for administrators and staff in several school districts on student discipline and classroom management (Wichita, Kansas; Beaumont, Texas; Longview, Texas; Houston, Texas; Buda, Texas; Cuero, Texas; Greenville, Texas; Amarillo, Texas).

Conducted Board training workshops in Regional Service Centers IV, X and XVI, East Texas State University, West Texas A&M University, San Antonio ISD, Cypress-Fairbanks ISD, Waller ISD, Navasota ISD, Amarillo ISD, and Clear Creek ISD.

Southern Association evaluation Teams (Hearne ISD, Eanes ISD, Victoria ISD).

Directed district federal programs.

Coordinated Board and Community Committee to develop district's long range plan.

Human Resources

Directed district personnel administration program.

Identified, recruited, interviewed and made recommendations for employment, promotion and dismissal of all professional and paraprofessional employees.

Reorganized professional and clerical staffs to provide for more effective and efficient use of personnel.

Initiated and redesigned employee compensation benefits plan to integrate career ladder and position responsibilities.

Finance and Business Operations

Directed finance and business operations for school district.

Restructured district's maintenance programs and implemented an energy management system.

Upgraded procedures in business office, implemented use of mainframe computer system and trained staff.

Worked with Board committee and architect on planning and implementing district's building and construction program.

Developed comprehensive inclusive planning process for facilities acquisition including bond campaigns.
