

Making Your Woods Work for You

A Bird's Eye View

Workshop for woodland landowners describing:

- ✓ A variety of techniques to create healthy woodlands and help wildlife
 - ✓ Financial incentives and programs available to landowners
 - ✓ Opportunities to benefit a variety of bird species, including:

Ruffed
Grouse

Scarlet
Tanager

Wild
Turkey

Cerulean
Warbler

American
Woodcock

Learn from the Experts

Presentations by expert speakers from U.S. Forest Service, Natural Resources Conservation Service, ODNR Division of Wildlife, ODNR Division of Forestry, National Wild Turkey Federation, and Ohio State University Extension about:

- OH forest history, including Wayne National Forest and state forest lands.
- Long-term planning for private woodlands and landowner assistance programs
- Prescribed fire as a tool to enhance woodlands for birds.
- Invasive species control
- Overview of what woodland habitat birds need and how to make sure your woods have it
