Dear Neighbors,

The summer is here and the kids are now out of school and playing in the yard again! In the Air Force, we are always briefed on the 101 critical days of summer (Memorial Day through Labor Day) This is the time when accidents and injuries are more prevalent than at any other time of the year. Please remember to keep safety in mind during these times. Here are some tips:

1. Never swim alone, always have a partner
2. When grilling, never light a grill sitting down and make sure you are aware of loose clothing.
3. If you value life, limb and eye-sight, please wear protective equipment; it was designed for that!
4. Always wear safety equipment on ATVs and don't ride on paved roads.
5. Rollover protection structures can save your life on a tractor.
6. It is better to have second checks, not second thoughts...

We are offering a new program in the County called: **Ohio Certified Volunteer Naturalist**. This is a way to volunteer in your community as a certified naturalist and be involved in promoting awareness and stewardship through science based information and community service. Please see attached flyer and class schedule. I am looking forward to spend this summer here in Belmont County, have a safe and healthy summer

Sincerely,

Dan Lima, OSU, Belmont County ANR Educator

“Problems should not be focused on as if they were goals. Without an appropriate and clear end goal of what we are trying to create, we can solve problems forever, but we won't accomplish anything meaningful and lasting.”

—Bill Murphy, Greener Pastures On Your Side Of The Fence, 1998 pg. 320
