COVID-19 Resources

COVID CareLine
800-720-9616

The COVID CareLine is a new, toll-free number and emotional support call service created by the Ohio Department of Mental Health and Addiction Services. Behavioral health professionals will staff the CareLine from 8 a.m. to 8 p.m., 7 days/week. They will offer confidential support in times of personal crisis for individuals or those calling on behalf of loved ones who may be struggling to cope with current challenges in their lives. After 8 p.m., the CareLine will forward to the National Suicide Prevention Helpline, allowing those calling to have access to someone 24 hours/day.

The Knowledge Exchange, in partnership with Ohio State University Extension, the Ohio Agricultural Research and Development Center, and CFAES researchers, created the COVID-19 Hub to share the world-class research and knowledge from The Ohio State University directly with Ohioans.

gotyourbackohio.org

Agriculture is the number one industry in Ohio. We know our farmers give so much of themselves to keep the industry strong. We also know so many factors in farming are out of a farmer’s control, and that can be stressful. We want you to know, you’re not alone. We want you to know, there is help available. We want you to know, we’ve got your back.

The National Pork Board has compiled resources for producers to help them manage the impact of COVID-19. These resources include information in English and Spanish on farm crisis operation planning, keeping people and pigs healthy, animal welfare and emergency depopulation.
