

2017 Ohio Valley Student Conference

Thursday, April 6, 2017 through Saturday, April 8, 2017

Technical Paper Competition

Topic: 2017 Topic: "Is it ethical for university engineering faculty to teach technical subject matter to engineering students without obtaining professional licensure?"

Some states require this (such as Idaho) while some states do not. How does that affect the success of a university program? Should all 50 states be consistent with this? Should there be additional routes to obtain professional licensure, such as through research and a doctorate degree?

If desired your submission may also be entered into the national competition detailed below:

DANIEL W. MEAD PRIZE FOR STUDENTS

Nomination Deadline: March 1st

The prize was established and endowed in 1939 by Daniel W. Mead, Hon.M.ASCE, a Society past president. The contest provides an opportunity for alert young civil engineers to further their professional development and gain national attention.

Award: Up to five winners will be chosen. First place will receive a plaque. Other winners will receive certificates.
