POINTS OF DISCUSSION

1. Approval of the minutes from February 17, 2010. Motion to approve the minutes as written by Jim Hacker, seconded by Lee Wilson with the Q in quasar changed to a small q.

2. Old Business
   a. Training – Tami did respirator fit testing for the Fremont group and for Research Operations. She will be doing a cylinder training for FAARP soon. Tim Butcher was introduced. He spoke for a few minutes on OSHA, PERRP and safety training both in general and in regards to individual labs. He said that OSHA doesn’t cover state, federal and municipal employees. The state of Ohio agreed though to follow OSHA rules and created PERRP. PERRP will inspect but cannot issue fines or jail time. For individual training he suggested a checklist be used to cover all the important items and the individual should then sign the checklist to document that he understands all items on the checklist.
   b. Other old business – Chip reminded everyone about the annual safety conference in Columbus on March 30-April 1.

3. New Business
   a. Updates: Safety, Police, Fire – There will be a severe weather alert test at 9:50 am on March 24, 2010.

Motion to adjourn the meeting was made by Jim Hacker, seconded by Chip Styer, motion carried.

The next meeting will be April 21, 2010 at 8:30 A.M., in the Fisher Auditorium Conference Room.

Respectfully submitted,
Donna Wyatt, Secretary
