AND ENVIRONMENTAL SCIENCES

# Plan your visit to the Gwynne during FSR!

The Gwynne Conservation Area is a 67-acre conservation area hosting conservation demos, talks, and guided tours during the 3 days of Farm Science Review. Each year the Gwynne offers new programs, exhibits, and demos on natural resources management. Visit [gwynne.osu.edu](http://gwynne.osu.edu) for descriptions of talks and demonstrations, and to learn more about the Gwynne Conservation Area!

## Getting to the Gwynne:

The Gwynne Conservation Area and Gwynne Cabin are located just north of the FSR Exhibit Area on Arbuckle Road. Shuttle wagons run to the Gwynne on a continuous basis each day from 9:30am until 3:30 pm. **Catch a shuttle at the west end of the FSR exhibit area in front of the Fendrick Headquarters Building. Expect to wait about 10 minutes to take the quick shuttle ride to the Gwynne. It's worth it!**

TUESDAY, September 18					
OSU ACEL Science of Agriculture Demonstrations: 10-2:30 daily, beginning every half hour
