Buckeye Institution Supported Agriculture (ISA)

What? The Ohio State University is partnering with Franklinton Farms in the Franklinton neighborhood of Columbus to empower families to grow food in their own neighborhoods.

Who? To be a “Buckeye ISA” participant family, you must have at least one child 8 years old or younger living in the household.

Why? The project aims to cultivate a network of new or existing urban farmers to produce food for their households or for sale to the University.
