 - Meeting with Susan Basso – full hour to discuss changes to the Employee Emergency Fund (EEF at Penn State was endowed, which operates more sustainably than non-endowed funds); USAC will work with leadership to create a more sustainable funding mechanism for EEF to ensure that funds remain available moving forward
 - Susan Basso will attend the second February business meeting, and she will also participate in a May Conversations event

Chair Elect:

- 1:1s with Provost McPheron and Susan Basso

OHR Liaison Report

- Tracey Pawlowski – OCM Enterprise Project Updates
 - Organizational Change Management Plan updates
 - Approximately 22 team members looking at how campus will adapt to change and implement the Enterprise Project (finance, HR, and student systems)
 - Three components to the team:
 - stakeholder engagement: change network, working with senior leaders, advisory groups
 - communications: written, presentations, website, other media
 - learning: training needs, job aids, demonstrations
 - timeline through October 2018 (see PPT)
 - Change Network newsletter goes out in February and staff may opt-in to receive these monthly communications
 - How will people know that they can opt-in for updates? Leaders of units will need to appoint change coordinator(s) within their college and VP units to disseminate communications (units will go through readiness check points to make sure they are on target)
 - For units who would like Enterprise Project personnel to provide updates, please email enterpriseproject@osu.edu
 - Anticipated “Go Live” date for HR & Finance: July 2019
 - What key dates/projects should be on the USAC radar?

- February/March 2018: Step 3 Sessions (gathering feedback on 'epic' topics: recruit-to-hire, terminations, etc.)
- March/April 2018: Architect phase ending, Customer Confirmation Sessions begin
- Late Summer/Early Fall 2018: key time to gather feedback for learning curriculums
- With regard to training, how will you identify who will need training? What will it look like?
 - Trainings will be role-based (required security roles needed to access systems/do a job; currently finalizing their learning approach); trainings will be blended (job aids, inter-system help text, e-learning online classes, webinars, instructor-led trainings, demos)
- How will regional campuses access instructor-led trainings? The team will dive in to these topics later in the spring

Old Business

New Business

- Updates from Rec Sports Council appointee, Brian Keller (Director of Support Services, Arts & Sciences Tech)
 - Rec Sports Council is strictly focused on the student experience, whereas the staff experience is more peripheral
 - Restructuring of student clubs (due to safety issues) to consolidate and reclassify clubs by risk categories; high risk clubs are then given more resources (medical, training) to reduce medical-related injuries
 - Jesse Owens west fields are no longer there due to Cannon Drive project, with plans to open a new set of fields on West Campus (Prairie Fields along Lane Avenue, east of the State Data Center);
 - New login system for employees (with better data analysis possibilities in order to tailor better programming); staff will be able to be represented more clearly on these metrics (i.e. what time of day staff use the facilities, etc.)
 - North Rec Center opened and is available to use, with multi-use space
 - Will vote on a fees-change on Friday (details not currently available); typically fee changes include equipment fees and space rentals;
 - Committee makeup: while other staff are involved in committee proceedings (report-outs, etc.), most members are students and the USAC representative is the only full-time staff
 - Primary purpose of the committee is to serve as an advisory body to Rec Sports only

Announcements

- President Drake will deliver State of the University address 1/25 at 3:30 p.m.
- Health Athlete event on Friday
- Niki has been posting about Buckeyes Act – new module available (Catharsis) so there is a desire to have USAC representatives at the unveiling (2/1/18 at 2 p.m.)
