

Ohio 4-H Shooting Sports Summer Shooting Education Clinics

Sunday, July 18 – Wednesday, July 21

Canter's Cave 4-H Camp, Jackson, OH

Cost: \$30 per day/per participant Registration: 8:30am; Dismissal: 5:30pm

Register: <http://go.osu.edu/SSclinics>

Space is limited – Registration Closes July 9th

Ohio 4-H Shooting Sports will be offering four days of shooting education clinics to youth interested in expanding their skill set in a specific area. Each day will offer a different set of clinics focused on level of experience and type of shooting. Individuals may sign-up for one day or all four. Please read each clinic description carefully as the prerequisites for participation vary. No overnight accommodations will be provided, these are day clinics only. The cost of each clinic covers one meal, and all supplies and materials. Pending the clinic selected youth may bring their own equipment but it is not required.

Clinic Overviews – See the full description for details and prerequisites.

- Sunday July 18th: Beginner/Introductory Clinics
 - Classes: Archery, Pistol, Rifle, Muzzleloader, Shotgun
- Monday July 19th: Adult/Youth Day

Parent/Guardians and a youth sign-up together for a new and unique experience to enjoy an introductory discipline course as a team. All youth must have an adult sign up with them to participate.

 - Classes: Action Archery; Steel Pistol & Rifle; Rifle Marksmanship; Shotgun Sports; Muzzleloader
- Tuesday July 20: Intermediate/Introductory to advanced skills
 - Classes: Action Archery; Steel Pistol & Rifle; Rifle Marksmanship; Skeet Shooting; Trapshooting; Muzzleloader
- Wednesday July 21: Advanced Skills
 - Classes: Action Archery; Steel Pistol; Steel Rifle; High-Power Rifle Marksmanship; Trapshooting; Skeet Shooting; Muzzleloader

Archery, Beginner

(No Prerequisite, Ages 12-19) - This discipline is for the new or inexperienced archer. Focuses on providing youth with a strong, safe introduction to the sport. Using a variety of games and fun activities, participants will learn how to be safe, accurate, and knowledgeable about archery. Certified instructors are dedicated to providing training in this valuable skill to young people in a safe and caring environment. Basic form, maintenance, and safety are incorporated into each activity. Low poundage recurve and compound bows will be provided, and archers **should not** bring their own. Finger protection and arm guards are also provided; however, archers may bring their own. Eye protection is required at all times. **Max Class Size: 15**

Pistol, Beginner

(No Prerequisite, Ages 12-19) This discipline is for the new or inexperienced shooter. Focuses on providing youth with a strong, safe introduction to the sport. Using a variety of games and fun activities, participants will learn how to be safe, accurate, and knowledgeable about pistol shooting. Campers are introduced to the comprehensive firearm safety and shooting technique in a highly structured range environment utilizing .22lr caliber revolvers and semi-automatic pistols. Certified instructors are dedicated to providing training in this valuable skill to young people in a safe and caring environment. All equipment will be provided, and shooters **should not** bring their own handguns. Safety glasses and hearing protection are also provided; however, shooters may bring their own. Safety glasses must be Z87 or higher rated and hearing protection must be a minimum of 22db. **Max Class Size: 15**

Rifle, Beginner

(No Prerequisite, Ages 12-19) This discipline is for the new or inexperienced shooter. Focuses on providing youth with a strong, safe introduction to the sport. Using a variety of games and fun activities, participants will learn how to be safe, accurate, and knowledgeable about rifle shooting. Campers are introduced to the comprehensive firearm safety and shooting technique in a highly structured range environment utilizing .22lr caliber bolt action rifles. Certified instructors are dedicated to providing training in this valuable skill to young people in a safe and caring environment. Shooting begins in the bench rest position and progresses through standing, kneeling, sitting and prone positions. All equipment will be provided, and shooters **should not** bring their own rifles. Safety glasses and hearing protection are also provided; however, shooters may bring their own. Safety glasses must be Z87 or higher rated and hearing protection must be a minimum of 22db. **Max Class Size: 15**

Muzzleloader, Beginner

(No Prerequisite, Ages 12-19) This discipline is for the new or inexperienced shooter. Focuses on providing youth with a strong, safe introduction to the sport. Participants will learn how to be safe, accurate, and knowledgeable about muzzleloader shooting. Campers are introduced to the comprehensive firearm safety and shooting technique in a highly structured range environment utilizing .50 caliber muzzle loading rifles. Certified instructors are dedicated to providing training in this valuable skill to young people in a safe and caring environment. All equipment will be provided, and shooters **should not** bring their own rifles. Safety glasses and hearing protection are also provided; however, shooters may bring their own. Safety glasses must be Z87 or higher rated and hearing protection must be a minimum of 22db. **Max Class Size: 10**

Shotgun, Beginner

(No Prerequisite, Ages 12-19) This discipline is for the new or inexperienced shotgun shooter. Focuses on providing youth with a strong, safe introduction to the sport, teaching the fundamentals of shotgun shooting as well as to instill the knowledge of range safety and the firearm handling essentials to the new shotgunner. A step-by-step approach is utilized to instruct the 4-H shotgun first shots program and progress to incoming and crossing targets. Basic shotgun games and fun activities will also be included. This course is also a great opportunity for youth who already have some shotgun experience but do not get to shoot often, or who wish to hone their skills before moving on to one of the more complex shotgun disciplines. Certified instructors are dedicated to providing training in this valuable skill to young people in a safe and caring environment. Shooting is done with 20 gauge shotguns. All equipment will be provided, and shooters **should not** bring their own shotguns. Safety glasses and hearing protection are also provided; however, shooters may bring their own. Safety glasses must be Z87 or higher rated and hearing protection must be a minimum of 22db. **Max Class Size: 15**

Monday July 19, 2021

Adult – Youth Day

Parent/Guardians and a youth sign-up together for a new and unique experience to enjoy an introductory discipline course as a team. All youth must have an adult sign-up with them to participate.

Introduction to Action Archery

(Min. Age 12) Prerequisite- *Youth must have one or more years of experience as a member of a county level 4-H Shooting Sports Club in beginner archery or provide either a letter from a certified shooting coach or credentials from a recognized shooting organization indicating that the shooter is above the introductory level. Both Youth and Adults must be able to proficiently and safely operate a recurve and compound bow)*

Archers will begin to develop their own personal shooting style, using more advanced skills and instruction to improve their abilities. Archers will be challenged to increase their accuracy at greater distances, different elevations, smaller targets, different positions, and at moving targets. Archery Action will be an introduction into a variety of moving targets, and an introduction and in depth look at 3D target shooting. Equipment is provided, however, in this discipline archers are encouraged to bring their own equipment so that they are able to advance their abilities with their own gear. Only target or field points will be allowed. **NO BROADHEADS OR CROSSBOWS WILL BE PERMITTED (Max Class Size 20)**

Introduction to Steel Pistol & Rifle:

(Min. Age 14) (Prerequisite- *Youth must have one or more years of experience as a member of a county level 4-H Shooting Sports Club or provide either a letter from a certified shooting coach or credentials from a recognized shooting organization indicating that the shooter is above the introductory level. Both Youth and Adults must be able to proficiently and safely operate a semi-automatic handgun and rifle)*

This class will focus on teaching beginner skills for the Scholastic Action Shooting Program (SASP). Participants will shoot both rifle and pistol on steel stages per the Scholastic Action Shooting Program (SASP) rules. Participants will develop fundamental shooting skills through a variety of drills throughout the day. An introduction to action shooting in the SASP style will be the focus of the class, with significant time spent on drills and fundamentals. Equipment is provided, however, in this discipline, however, shooters are permitted to bring their own semi-automatic .22lr caliber rifles and/or pistol so that they can learn with their own gear. All firearms will be inspected and approved by instructors before use. Safety glasses and hearing protection are also provided. However, shooters may bring their own. Safety glasses must be Z87 or higher rated and hearing protection must be a minimum of 22dbr. **Max Class Size: 20**

Adult – Youth Day

Parent/Guardians and a youth sign-up together for a new and unique experience to enjoy an introductory discipline course as a team. All youth must have an adult sign-up with them to participate.

Introduction to Rifle Marksmanship:

(Min. Age 12) (Prerequisite- *Youth must have two or more years of experience as a member of a county level 4-H Shooting Sports Club or provide either a letter from a certified shooting coach or credentials from a recognized shooting organization indicating that the shooter is at or above the required level. Both Youth and Adults must be able to proficiently and safely operate a bolt action and semi-automatic rifle.*)

Shooters will learn marksmanship skills with a focus accuracy at longer distances. Equipment is provided, however, in this discipline shooters are permitted to bring their own precision rifles (.223 or .22 caliber only) and equipment so that they can advance their abilities with their own gear. Safety glasses and hearing protection are also provided; however, shooters may bring their own. Safety glasses must be Z87 or higher rated and hearing protection must be a minimum of 22dbr. **Max. Class Size 12**

Muzzleloader, Intermediate:

(Min. Age 12) (Prerequisite- *Youth must have two or more years of experience as a member of a county level 4-H Shooting Sports Club or provide either a letter from a certified shooting coach or credentials from a recognized shooting organization indicating that the shooter is at or above the basic level. Both Youth and Adults must be able to proficiently and safely operate a breech loading and inline muzzleloader.*)

This discipline is for the shooter who is ready to learn skills beyond the basics. Participants will learn how to be safe, accurate, and knowledgeable about muzzleloader shooting. Campers are introduced to the comprehensive firearm safety and shooting technique in a highly structured range environment utilizing .50 caliber muzzle loading rifles. Certified instructors are dedicated to providing training in this valuable skill to young people in a safe and caring environment. All equipment will be provided. However, shooters may bring their own breech loading or in-line rifles. Safety glasses and hearing protection are also provided; however, shooters may bring their own. Safety glasses must be Z87 or higher rated and hearing protection must be a minimum of 22dbr. **Max Class Size: 10**
