CALL FOR POSTERS FOR
The Center of Excellence for Inter-Professional Education and Practice (IPEP) in Promoting the Health and Wellness of Underserved Populations

4th Annual Symposium on
Preparing Health Professionals to Serve Underserved Populations: Ongoing Opportunities and Lessons Learned

May 3, 2017 | 8:00am-1:00pm

On May 3rd, Ohio State’s Center of Excellence for Inter-Professional Education and Practice (IPEP) in Promoting the Health and Wellness of Underserved Populations will host its Fourth Annual Symposium on Preparing Health Professionals to Serve Underserved Populations: Ongoing Opportunities and Lessons Learned. This symposium will feature presentations and posters focusing on OSU’s ongoing activities under its MEDTAPP Healthcare Access Initiative grant and other university programs with an inter-professional approach to working with underserved populations.

Poster proposals can be submitted by an individual, by two presenters, or by a group of three or more presenters as indicated below:

- students participating in MEDTAPP HAI-supported activities,
- students and faculty/staff from the activity,
- faculty/staff only from such an activity, or
- students, faculty or staff who have worked on non-MEDTAPP HAI projects, focused on working with underserved populations during the past year.

All students who have a MEDTAPP HAI retention obligation, except those who have received fellowships or large tuition awards, can earn time toward their retention obligation by presenting at the Symposium.

Poster proposals must be submitted by March 27, 2017
CALL FOR POSTERS  
May 3, 2017 Symposium  
Preparing Health Professionals to Serve Underserved Populations

To be accepted, proposals must:

- Describe the supported experience (site, program, purpose/goals), including if the experience was a MEDTAPP HAI-supported activity
- Include a description of the experience and the role of the student(s) in that experience, and
- Focus on at least two of the following:
  - Lessons learned about the challenges experienced by the population(s) served by the activity
  - Recommendation(s) for how to improve the patient/client experience or services provided to the population(s) through this activity
  - Discussion of student perceptions of the effectiveness of the services provided to patients/clients at this placement
  - Lessons learned for training students in serving low-income populations
  - Recommendations for improving the learning experience for the students

Abstracts should be no more than 250 words and include the following components:

- background,
- activity description,
- the two focus areas the poster will address,
- name of the lead contact for the proposal, and
- names with emails for all participants on the poster.

For those students seeking retention credit, an accepted and completed poster presentation can earn the following retention hours:

- 15 hours for an individual student’s poster
- 10 hours for each student for a joint poster with one other student
- 7 hours for each student in a poster presentation with three or more students

There will be non-monetary recognition awards for the top three student-led posters.

Poster size may range between 36” x 48” to 36” by 60”

Poster proposal abstracts will be accepted through March 27th. Submit your abstract to Bill Hayes at william.hayes@osumc.edu, with “IPEP Symposium poster submission” in the subject field of the email.

The proposals will be reviewed by a panel and notice of acceptance of a proposal will be sent by April 1st.
