Repeating Instruments

- Allows an instrument to be repeated multiple times
- Can be done in both classic and longitudinal projects
- Can repeat just the instrument, or the entire event

Enable repeatable instruments and events
Repeating in a Longitudinal Project
Select Event and instrument you want to repeat
Choose Entire Event or Independent

If Independent, choose form(s)

Repeating in a Classic Project
Select instrument you want to repeat
Setting a Custom Label for Repeating Instruments

Insert variable(s) to be used as a label on each instance of the form

Separate multiples by comma and space

In Record Status Dashboard
Click on the group of forms
Preview of each repeating form with label(s) you set up
