

A Wild Scavenger Hunt

See if you can find the “wild” things near your house or on your school grounds! You may want to hunt with a friend. If you have a lot of people who want to hunt, divide into teams. See how many items you can find on the list and then draw a picture of each one. These items prove that we share our world with wildlife!

- ___ 1. Feather
- ___ 2. Leaf that has been partially eaten
- ___ 3. Bird’s nest
- ___ 4. Insect with wings
- ___ 5. Singing bird
- ___ 6. Animal tracks
