JOIN US IN SHAPING THE FUTURE OF EARLY AUTISM INTERVENTION RESEARCH

We are recruiting community members to work in small stakeholder teams in Columbus, OH. These teams will collaborate to identify early autism intervention research priorities and help researchers consult more effectively with community stakeholders.

This effort is part of a federally-funded project designed to create stakeholder-driven change at a national level.

Stakeholders will be paid $15/hour for their time and reimbursed for travel expenses. Expected time commitment is 20-30 hours total over the course of 1 year.
