

Do you have a diagnosis of Intellectual or Developmental Disability?

We are looking for individuals with intellectual and/or developmental disabilities, which may include diagnoses such as Autism Spectrum Disorder, Cerebral Palsy, Down syndrome, ages 15-30 years to participate in a research study! This study is to enhance the usefulness of learning activities for sexual health education. We also want to learn what we can do to make them more fun for you! **We need your help!**

Participation will include:

- Completion of a short assessment about one sexual health topic
- Time to interact with learning activities related to sexual and reproductive health
- Completion of a short assessment about that topic and about how you felt about the learning activity!
- Brief interview about what you liked and did not like about the activity

Participants will receive a \$20 gift card after participating in this study. These groups will be video recorded. Recordings will be stored on secure, approved Ohio State University computers until analyses are complete. Once analyses are completed the recordings will be destroyed.

To learn more about how to participate, please contact Liz Koss at Schmidt.1072@osu.edu or [513-492-2908](tel:513-492-2908).
