

HELP US HEAR YOUR VOICE!

Research study on the health of adults with Intellectual and Developmental Disabilities (IDD)

For this research,
we want to listen to
adults with IDD

We want to know
how you feel about
YOUR health

What will you do?

- We will meet you and your support person* at the OSU Nisonger Center or your home
- You will answer questions about your health in **two interviews** one month apart

How long will this take?

- 2-4 hours per interview

*Who is a support person?

- A family member, friend, or caregiver that knows you well
- They will be your study partner
