## EDUCATION

**PhD**                      **The Ohio State University**, Sociology. Expected Graduation: May 2020

**BA**                        **The University of Southern Mississippi**, Sociology  
*Undergraduate Thesis: Community and Well-Being: A True Participant's Observation*

---

## RESEARCH INTERESTS

- Education
- Spatial (community and regional) Inequality
- Poverty
- Race and Ethnicity
- Qualitative Methods

My current research examines the educational trajectories and aspirations of adolescent youth in the United States. I am particularly interested in the lived experiences of racial and ethnic minorities getting to college and making decisions as they navigate their college years – particularly those who are spatially isolated and/or excluded.
