Hardin County Crop Walk

Fruit & Vegetable Production

Jim Jasinski – OSU Extension Integrated Pest Management
Dr. Celeste Welty – OSU Entomologist
Dr. Sally Miller – OSU Plant Pathologist
Dr. Doug Doohan – OSU Weed Specialist (conventional & organic)

The Hardin County Crop Walk program will consist of talks by specialists, a diagnostic table, and walk through a produce patch and high tunnel greenhouse to learn solutions of common fruit and vegetable problems. Topics include insect pest management, along with controlling weeds and diseases. Bring along your plant disease and insect specimens in a sealed plastic bag for questions and answers along with a lawn chair for an evening designed for both commercial and home gardeners.

Wednesday
July 18
6:00-8:00 pm

2355 Coddington Road
LaRue, Ohio  43332

Bring plant problems, plant disease and insect specimens in sealed plastic bags
