

Symptoms of Coronavirus (COVID-19)

Your symptoms can include the following:

Fever

If you have COVID-19, you may have mild (or no symptoms) to severe illness.

Symptoms can appear 2-14 days after you are exposed to the virus that causes COVID-19.

Cough

Seek medical attention immediately if you or someone you love has **emergency warning signs**, including:

- Trouble breathing
- Persistent pain or pressure in the chest
- New confusion or not able to be woken
- Bluish lips or face

Shortness of breath

This list is not all inclusive. Please consult your medical provider for any other symptoms that are severe or concerning.
